

The "PACKIT" household foil line includes an assortment of very handy bags in various sizes. The unique starbottom avoids leaking and the handles can be knotted to close the bag.

The "PACKIT" Starsealed T-shirt pedalbinliners and garbage bags are made from recycled LDPE raw material and characterized by:

- Suitable for 30, 35 and 60 litre bins
- Extra strong starbottom, which reduces the chance of leakage to zero
- Easy to use because of T-shirt model (handles)
- Quick and easy to close by knotting the handles
- Compact packaging with paperwrap
- Made from recycled plastics (LDPE)
- Less raw materials, better for the environment
- Good price/quality relation and cheaper than comparable drawstringbags
- Controlled quality (ISO 9001)
